PROFESSIONAL EXPERIENCE

United States Army **09/2023 - 12/2024**

12Y - Geospatial Engineer

Complete the Red and White phases of Basic Combat Training. Unfortunately, I was medically discharged due to an injury sustained during training.

- Develop leadership, teamwork, and discipline through training and collaboration with fellow trainees.
- Strengthen problem-solving abilities and resilience in a high-pressure, structured environment.
- Complete physical and tactical training phases, demonstrating commitment and perseverance.

BeaconFire Inc., Los Angeles, CA

02/2023 - 08/2024

Frontend Developer (Remote)

As a Software Engineer at BeaconFire Inc, I developed and maintained Cue Health's category page using **React and TypeScript**, ensuring responsive, high-performance interfaces.

- **Design and implement the category page for Cue Health using React and TypeScript.**
- **Utilize testing tools to write unit and integration tests, ensuring code stability and reducing bugs by 30%.**
- **Collaborate with a cross-functional team in an agile environment, adhering to version control.**

Freelancer, Los Angeles, CA

01/2020 - 02/2023

Full Stack Developer

Build websites for small businesses while continuously learning front-end and back-end technology to deliver customized solutions.

- **Build custom websites for small businesses, improving their online presence and accessibility.**
- **Develop over 100 coding projects on GitHub, showcasing a strong commitment to learning.**
- **Deliver high-quality results while balancing freelance work and other responsibilities.**

Autonation Toyota, Las Vegas, NV

04/2015 - 12/2019

E-Commerce Associate

Use **HTML and CSS** to design email templates for customer outreach while assisting clients in selecting vehicles, consistently exceeding sales targets and enhancing the overall buying experience.

- **Create professional email templates using HTML and CSS to improve communication and marketing.**
- Collaborate with cross-functional teams to streamline operations and improve customer satisfaction.
- Deliver exceptional customer service ensuring a personalized and seamless car-buying experience.

Realty One Group, Las Vegas, NV

01/2013 - 04/2015

Real Estate Agent

Help clients buy and sell properties while creating my own website with **HTML, CSS, and JavaScript** to advertise services and manage leads.

- **Build a personal website to promote services, generate leads, and manage client inquiries efficiently.**
- Guide clients through every step of the real estate transaction process, ensuring a seamless experience.
- Build and maintain strong client relationships through exceptional communication and personalized support.
